

**ENVIRONMENTAL
MANAGEMENT
SYSTEM POLICY**

At MIAHONA, we are committed to the protection of the environment locally or globally and recognize the importance of incorporating environmental concerns into our everyday business. It is the policy of MIAHONA to maintain its reputation as one of the leading Operation and Maintenance of Municipal and Industrial Water and Wastewater assets in Kingdom of Saudi Arabia. MIAHONA recognizes the importance of maintaining a high standard of environmental care.

The personnel involved in the day-to-day operation will conduct themselves in an environmentally responsible manner at all times and aim for overall continual improvement of environmental performance.

The Company's environmental policy stipulates the following.

- Conduct the Project operations within the framework of ISO 14001: 2015 EMS implemented in the company.
- Develop processes and operating conditions that promote environmental protection while reducing the associated environmental impact.
- Reduce the generation of waste to techno-economically feasible minimum levels.
- Strive for continual improvements in environmental performance and prevention of pollution of the environment.
- Comply with applicable environmental legislation enforced by the local authority and industry codes or practices.
- Provide training and education to all employees and contractors to work in an environmentally manners, which maximize the environmental protection, and to understand the implication of environmental policy and EMS.
- Respond positively to the concerns of all interested parties including neighbors, local communities and law enforcing authorities.
- Continual improvement in our environmental performance and resilience.
- Proactively engage and partner with stakeholders, customers, and community to achieve positive environmental outcomes and build their values into our environmental management decisions.
- Identify, assess, and manage environmental risks.

The company will ensure that the environmental policy is understood by all employees and made available to the public at all times. The top management supports this policy and ensures that it is implemented at all levels. The environmental policy will be reviewed at regular intervals. Environmental objectives and targets have its origin in environmental policy.
